THE SILVER PLATFORM.

The silver wing of the Republi- can State Convention unanimously adopted the following platform:

The convention endorses and adopts the platform of the Republi- can State Convention, held at Va- cito on the 30 of April last, as follows:

Resolved, That we condemn the

Republican party of the Eastern

states and the administration of

President Harrison, insofar as they

have failed to accomplish the com- plete remonetization of silver, and

to enact laws providing for the

free and unrestricted coinage of

that metal.

Resolved, That the restoration of silver to the place it occupied previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver bullion the right to have the same coined into money upon the same terms and conditions which apply to the coinage of gold, reduced the money of ultimate re- demption or payment, about one-half, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no nominations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially en- dorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of wealth.

And we favor the continuation of agitation and contention for the free and unlimited coinage of sil- ver at the present ratio of 16 to 1, for their own benefit and for the benefit of the people at large — miners, farmers, laborers and me- chanics.

The citizens of Nevada, rep- resentatives of the various silver leagues, irrespective of past party affiliations, in convention assembled, do set forth the following decla- ration of principles:

First. We demand the full re- monetization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1.

Second. We are radically and unalterably opposed to the National Republican and Democratic parties on the question of the free coinage of silver and we denounce the action of their recent national conventions as harmful to the ma- terial interests of the people of the United States, and especially to those of Nevada and the other mining states and territories, and we therefore repudiate the nomi- nees of their convention.

Third. We pledge the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in favor of free coinage as defined by this convention. We revere to the silver leagues of Nevada, in Convention assembled, the right of directing said Presidential electors for whom to cast their votes, should contingencies require.

GEO. S. NIXON,

Chairman State Committee of Sil- ver party.

H. P. FLANNERY, Secretary.
